---

**1. What are your current 3 main areas of research?**

- Electrical Power Systems
- Automatic Controls
- Electrical Machines and Drives

**2. What are the top 3 areas of expertise/tools you are looking for in a research collaborator?**

- mechanical engineering dynamics, robotics and hydraulics expertise
- computer engineering in network securities and programming expertise
- Pre-K – 12 education and/or educational outreach expertise

**3. What 3 skills/tools that you have access to, are you willing to share with a potential research collaborator?**

- Automatic Controls and Automation Expertise
- Electric Machines and Applications
- Power Systems and Power Electronics
