Alumni Survey of 2023 Baccalaureate Graduates

Survey Results

Southern Illinois University Edwardsville
Alumni survey of 2023 Baccalaureate Graduates

Introduction

This alumni survey of students earning Baccalaureate degrees in 2023 was conducted to provide data for the University's undergraduate program reviews and other planning uses.

The current survey was administered using Qualtrics, an online survey tool. It was modified from the hard-copy version used previously to make it more suitable for online formats (both computer and mobile versions were available). Spring 2023 graduates were surveyed in the Summer of 2023, Summer 2023 graduates were surveyed in Fall 2023, and Fall 2023 graduates were surveyed in Spring 2024. The questionnaire included 22 questions in six parts: Employment, Education, Satisfaction, Educational Practices, Program Quality, and Educational Effectiveness. The last section of the survey included space for any comments the survey participant wished to make. See Appendix A for a sample survey.

Methodology

The survey questions and introductory email were adapted from previously-used snail mail surveys. The student email addresses were pulled from the Banner student system. The first email with a link to the online survey was sent to alumni approximately nine weeks after their graduation date. Reminder messages to unfinished respondents were emailed 1, 2, and 3 weeks after the initial email invitation. Alumni whose initial email was undeliverable/bounced were sent a follow-up survey invitation to an alternate email address.

Qualtrics allows for an external data reference which we filled with the student's Banner ID and some other academic program identifiers so that we could later merge completed survey data with student system records for compiling the survey results.
