

**Kaskaskia College
Associate in Arts**

SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY (SLPA)

Completion of an Associate in Arts or Science degree at Kaskaskia College fulfills SIUE’s general education requirements, with the exception of an Interdisciplinary Studies course that all students must take during their junior and senior year at SIUE.

This “Transfer Program Guide” is an **example** of proposed curriculum for students to use while completing their associate’s degree. Reading, writing and math placement could alter the course sequencing and transfer date. Therefore students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying close attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a KC advisor each semester. Please see “**Important Student Notes**” located on page of two of this transfer guide.

***Students who major in SLPA are required to complete SPPA 101 at SIUE in the summer preceding transferring. A "B" or better must be earned.**

¹"C" or better required for these courses.

²One science course must have a laboratory component. Science courses may be 3, 4, or 5 credit hours.

Although a minor is not required for students who major in SPPA, it is strongly recommended that students consider one. Options for a double major, double minor, or a single minor are available. Courses taken at SWIC to meet KIC’s general education requirements (including electives) can be used for the minor(s) or additional major. Students should begin planning early for any of these options.
