WELCOME TO SOUTHERN ILLINOIS UNIVERSITY EDWARDSVILLE

On behalf of the faculty, staff and students of Southern Illinois University Edwardsville, I am pleased to welcome you to the 129th commencement celebration, and the fourth virtual ceremony. Particularly given the challenges of the COVID-19 pandemic, our graduates have achieved a significant milestone in their lives, deserving of recognition and celebration. They have excelled in their academic pursuits while exemplifying the values of citizenship, excellence, inclusion, integrity and wisdom upon which the University is founded.

SIUE is a place where dreams are built and futures are formed. The University community is proud to have supported our students during their time on campus. At the conclusion of this fall's ceremonies, the graduates will share alumni status with more than 117,000 fellow Cougars. SIUE will continue to provide assistance as our students transition to the professional world or pursue advanced courses of study.

Graduates, congratulations on your wonderful accomplishments. We recognize both you and those who have supported you throughout your academic experiences. Thank you for helping SIUE fulfill its mission to shape a changing world. We look forward to learning of your many achievements in the years to come.

Congratulations!

A handwritten signature in black ink, appearing to read "Randall G. Pembroke". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Chancellor

SOUTHERN ILLINOIS UNIVERSITY SYSTEM

The Southern Illinois University (SIU) System is comprised of two sister institutions: SIU Edwardsville, with a School of Dental Medicine in Alton and the SIUE East St. Louis Higher Education Campus in East St. Louis, and SIU Carbondale, with a School of Law in Carbondale and a School of Medicine in Springfield.

With a budget of over \$930 million, the SIU System employs more than 7,000 faculty, staff and administrators who serve more than 24,000 students. A modern and comprehensive post-secondary educational system, the SIU System offers a broad range of academic programs that lead to associate, bachelor's, master's, specialist, doctoral and professional practice degrees in a variety of fields, including law, medicine, pharmacy, and dental medicine.

SIU Carbondale was chartered in 1869 as Southern Illinois Normal University, a teachers' college. In 1947, the name was changed to reflect the institution's academic expansion. The University also expanded geographically.

As early as 1949, courses were being offered in the metropolitan East St. Louis area, which led to the development of SIUE, now the largest campus in the SIU System.

The instructional, scholarship and service missions of the two constituent institutions reflect the needs of the geographic areas in which they are located. The SIU System is also committed to serving statewide, national and international needs. This commitment is reflected in educational activities and outreach in communities throughout the state, as well as through research and training exchanges and worldwide student exchange programs.

The SIU Board of Trustees governs the SIU System and sets policy that enables both universities to carry out their established missions and goals. The president of the System is its CEO and reports to the board of trustees. The University chancellors report directly to the president and are responsible for the internal operations of SIUE and SIUC, respectively.

SOUTHERN ILLINOIS UNIVERSITY EDWARDSVILLE

Southern Illinois University Edwardsville (SIUE) traces its origin to a recommendation made in 1956 by the Southwest Illinois Council for Higher Education. The council was convinced that higher education facilities were needed in the Metro East. They hired consultants whose reports documented that need, and they appealed to Southern Illinois University (SIU), 100 miles south, to establish satellite campuses.

In 1957, SIU opened two “residence centers” in Alton and East St. Louis. The University expected to enroll 800 students, but actual enrollment reached 1,776. By 1959, the number of students had more than doubled to 3,800, greatly exceeding the capabilities of the physical facilities. This burgeoning population demanded services faster than the University could develop and supply them.

A planning team investigated sites in the Metro East counties and selected one just south of Edwardsville. In 1960, the Illinois legislature authorized a bond issue for construction of a new state university campus. Voter approval came in November 1960. After nearly three years of planning, University officials and area residents attended ground-breaking ceremonies for the first permanent buildings.

In the fall of 1965, SIUE moved onto its new campus just 25 miles from St. Louis—2,660 acres of rolling land and woods dotted with lakes along bluffs flanking the Mississippi River. Much of the land still retains its natural shape.

Emphasizing teaching, research and public service programs, SIUE is a fully accredited comprehensive university with more than 13,000 enrolled students. After being classified as a master’s-large institution for most of its history, SIUE was reclassified in January 2019 by The Carnegie Commission on Higher Education to the newly created doctoral/professional universities category. The University is proud to be ranked by Washington Monthly among the top doctoral universities in the nation.

The City of Edwardsville is ranked among the nation’s top 15 safest college towns by Safewise in its 2020 Safest College Towns list. More than half of SIUE’s 117,000 graduates live and work in the St. Louis region. SIUE makes more than a \$514 million economic impact on the region every year.

The University offers undergraduate and graduate areas of study encompassing the arts, sciences, nursing, education, health, human behavior, business and engineering. The Schools of Dental Medicine and Pharmacy award first professional doctoral degrees in dental medicine (DMD) and in pharmacy (PharmD). Doctoral programs are available in nursing practice and educational leadership. A cooperative PhD program in pharmacology and neuroscience is offered with the SIU School of Medicine, and cooperative PhD programs in history, engineering science, environmental resources and policy, and computer engineering are offered with SIU Carbondale.

At SIUE, students find comprehensive educational opportunities and a community in which individuals support each other in their search for knowledge and individual development.

SOUTHERN ILLINOIS UNIVERSITY EDWARDSVILLE

Mission

Southern Illinois University Edwardsville is a student-centered educational community dedicated to communicating, expanding and integrating knowledge. In a spirit of collaboration enriched by diverse ideas, our comprehensive and unique array of undergraduate and graduate programs develops professionals, scholars and leaders who shape a changing world.

Vision

Southern Illinois University Edwardsville will achieve greater national and global recognition and academic prominence through innovative and interdisciplinary programs that empower individuals to achieve their full potential.

Values

Recognizing public education as the cornerstone of a democracy, SIUE carries out its mission based on certain fundamental, shared values. We value:

Citizenship

- Social, civic and political responsibility – globally, nationally, locally and within the University
- Active partnerships and a climate of collaboration and cooperation among students, faculty, staff, alumni and the larger community
- Sustainable practices in environmental, financial and social endeavors

Excellence

- High-quality learning within and beyond the classroom
- Continuous improvement and innovation
- Outstanding scholarship and public service

Inclusion

- A welcoming and supportive environment
- Openness to the rich diversity of humankind in all aspects of university life
- Respect for individuals, differences and cultures
- Intellectual freedom and diversity of thought

Integrity

- Accountability to those we serve and from whom we receive support
- Honesty in our communications and in our actions

Wisdom

- Creation, preservation and sharing of knowledge
- Application of knowledge in a manner that promotes the common good
- Lifelong learning

SIUE Statement on Diversity

The SIUE Statement on Diversity reflects the University's commitment to recognizing and valuing the contributions of the breadth of humankind. This statement, adopted in April 2013, replaces an earlier version and is considered an expansion of the SIUE value of inclusion.

All societies and peoples have contributed to the rich mix of contemporary humanity. In order to achieve domestic and international peace, social justice and the development of full human potential, we must build on this diversity and inclusion.

- Southern Illinois University Edwardsville nurtures an open, respectful and welcoming climate that facilitates learning and work. Each member of the University is responsible for contributing to such a campus environment.
- Southern Illinois University Edwardsville is committed to education that explores the historic significance of diversity in order to understand the present and to better enable our community to engage the future.
- Integral to this commitment, Southern Illinois University Edwardsville strives for a student body and a workforce that is diverse, inclusive and equitable.

ACADEMICS AT SOUTHERN ILLINOIS UNIVERSITY EDWARDSVILLE

College of Arts and Sciences

Kevin Leonard, Dean

Central to SIUE's exceptional and comprehensive education, the College of Arts and Sciences offers degree programs in the natural sciences, humanities, arts, social sciences and communications. The College touches the lives of all SIUE students, helping them explore diverse ideas and experiences, while learning to think and live as fulfilled, productive members of the global community. Study abroad, service-learning, internships and other experiential learning opportunities better prepare SIUE students not only to succeed in our region's workplaces, but also to become valuable leaders who make important contributions to our communities.

School of Business

Timothy Schoenecker, Dean

The School of Business is among an elite 5% of business schools worldwide that have earned the prestigious seal of approval from the Association to Advance Collegiate Schools of Business (AACSB) International. The accounting program holds specialized accreditation by the AACSB. Only 2% of business schools worldwide are AACSB-accredited in both business and accounting. Each year, students find internships, cooperative education opportunities and employment with major corporations such as Bayer, The Boeing Company, Edward Jones, Emerson, Enterprise, Nestlé Purina and World Wide Technology, as well as scores of small- and medium-sized businesses. Graduates are highly prepared to begin productive careers in the fields of computer information systems, economics, entrepreneurship, finance, business administration, human resource management, international business, management, marketing and accounting.

School of Education, Health and Human Behavior

Robin Hughes, Dean

School of Education, Health and Human Behavior graduates can choose from a variety of career paths in education, applied health and behavioral sciences. Through rewarding partnerships with regional agencies and public school districts, students learn through hands-on experience in their fields of interest. The School's commitment to experiential learning and community outreach is demonstrated through its clinics and the activities of its student organizations. Visit us on Twitter and Instagram to learn more about our students' successes.

School of Engineering

Cem Karacal, Dean

The School of Engineering offers eight undergraduate and five graduate programs, as well as two collaborative PhD programs with SIUC, making it one of the most comprehensive and largest engineering schools in the region. The School prepares students to meet the growing needs in our region and nation for more engineers, computer scientists and construction managers. The engineering, information technology and construction companies in the St. Louis metropolitan region provide exciting, challenging and high income jobs, internships and cooperative opportunities to our students. More than 60% of our graduates have taken positions in the St. Louis metropolitan region. Students are not only educated in the classroom and laboratory, but also through undergraduate research projects and student organizations that participate in collegiate contests, such as the formula race car, solar car, mini Baja, robotics, steel bridge, concrete canoe and many more.

ACADEMICS AT SOUTHERN ILLINOIS UNIVERSITY EDWARDSVILLE

School of Nursing

Mark Luer, Interim Dean

The School of Nursing offers an excellent learning environment, which prepares students for careers as professional nurses. The School partners with hundreds of healthcare agencies in central and southern Illinois and the St. Louis region to provide students with quality clinical practicum sites. Students also practice required nursing skills in the School's Simulated Learning Center to promote critical thinking and safe care before encountering patients in actual clinical settings. Graduate programs include master's degrees in healthcare and nursing administration, and nurse educator; a post-master's doctor of nursing practice (DNP) degree; and a post-baccalaureate DNP with specializations in nurse anesthesia, family nurse practitioner, and psychiatric mental health.

School of Pharmacy

Mark Luer, Dean

The School of Pharmacy, the only pharmacy program in southern Illinois, offers a professional program leading to the Doctor of Pharmacy (PharmD) and Master of Science in pharmaceutical sciences. A cooperative PhD program in pharmacology and neuroscience is offered with the SIU School of Medicine. Established in 2005, the School graduated its first class in May 2009 and is fully accredited by the Accreditation Council for Pharmacy Education. Our graduates enter a wide variety of professional settings, including community pharmacies, hospitals, the pharmaceutical industry and academia. SIUE pharmacy students work alongside other health professionals. This team approach allows healthcare professionals to optimize drug therapy and offer the highest quality of patient care.

Graduate School

Jerry Weinberg, Dean

The National Science Foundation lists SIUE among the top five doctoral/professional institutions in the U.S. in terms of research and development expenditures. The SIUE Graduate School offers more than 100 areas of study with master's, post-baccalaureate certificates and doctoral degrees in a variety of disciplines. Students prepare for the challenges of their professions in a rich, intellectual learning environment emphasizing research and practice.

School of Dental Medicine

Bruce Rotter, Dean

The Southern Illinois University School of Dental Medicine is proud of its established tradition of graduating highly prepared general practitioners of dental medicine. Since 1972, the School has continued to carry out its mission to improve the oral health of southern Illinois and the region through education, patient care, scholarship and service. Through the care provided at the University's main clinic in Alton and the community clinics in East St. Louis and Edwardsville, as well as through its community outreach programs, the School serves as a vital oral healthcare provider for residents of southern and central Illinois, and the St. Louis metropolitan region.

Library and Information Services

Lis Pankl, Dean

Library and Information Services provides information resources and technology for teaching, learning and scholarship. Information resources are available in all formats with a strong preference given to digital collections, which are heavily accessed by users. Lovejoy Library is a member of CARLI (Consortium of Academic and Research Libraries in Illinois) which provides SIUE users full access to the holdings of the 130 CARLI libraries that share a catalog of millions of item records. Along with access to OCLC's WorldCat, with more than two billion items held by participating libraries, Lovejoy Library opens the world to SIUE users. Library resources are available through social media, its mobile website, 3D scanning and printing, and traditional methods. As in all successful 21st century academic libraries, library faculty are subject specialists who provide information literacy and technology instruction. They assist SIUE faculty in identifying and selecting open access materials, publishing research locally, and curating collections in our institutional repository, known as SPARK.

HISTORY OF ACADEMIC REGALIA

The pageantry of the academic procession is used for many of the formal and significant events at SIUE.

Inherited from the medieval universities of the 11th and 12th centuries when woolen gowns and hoods were worn by scholars for warmth in unheated quarters, the wearing of academic vestments and the procession were not adopted throughout the United States until the late 19th century.

Academic life in the Middle Ages began first in the church, then in the guilds. The teaching guild was the guild of the master of arts, where the bachelor was the apprentice of the master and the dress was the outward sign of privilege and responsibility, designed to distinguish the wearer from the merchants and other townsmen.

Principal features of academic dress are the gown, cap and hood. Both Cambridge and Oxford Universities, since the 15th century, have made academic dress a matter of university control, even to its minor details, and have repeatedly published revised regulations. American universities agreed on a definite system in 1894. In 1932, the American Council on Education presented a revised code which, for the most part, governs the style of academic dress today.

The cap worn almost universally in academic processions is the Oxford cap, better known as the mortarboard. From poetry we learn that the cap of scholarship was

square to symbolize a book. A different style, called the Cambridge cap, resembles a large beret.

The use of a dark hood in academic processions is thought to have arisen from the clerical practice of wearing a cap or mantle in religious processions during the 12th and 13th centuries, when universities arose from cathedral schools.

Traditionally, gowns are also black. In recent years, however, a number of universities have adopted other hues which signify the school's traditional colors, such as crimson for Harvard, blue for Yale.

The bachelor's gown is a yoked, closed-front garment with long, pointed sleeves. The master's has long, closed sleeves slit just above the elbow, permitting the forearms to protrude. The doctor's has full, bell-shaped sleeves and is trimmed with velvet panels down the front, and three velvet bars on each sleeve. The color of the panels and sleeves varies to indicate the doctoral field.

The academic hoods, worn around the neck and down the back of the gown, are lined with the official colors of the college or university conferring the degree. The binding or edging of the hood usually represents the subject of the degree.

COMMENCEMENT AT SIUE

Mace

The SIUE ceremonial mace was created in 1981 by the late Michael E. Mason. He earned both a Bachelor of Arts and Master of Fine Arts from SIUE and served as curator of the University Museum. At that time, the president of SIUE (the position now called chancellor), Earl Lazerson, instituted traditional, formal regalia for use on significant ceremonial occasions. In 2005, Chancellor Vaughn Vandegrift restored the tradition of the mace at all commencement and other academic ceremonies. A stand was subsequently constructed and, in recognition of the values of the University, engraved brass plaques were added to the ceremonial mace with the words Citizenship, Excellence, Inclusion, Integrity and Wisdom.

International Flags

The flags flown at commencement represent the home nations of all SIUE students. Nearly 400 international students from 62 nations currently attend SIUE. International students contribute to the University's diverse learning environment by sharing their unique

cultures and introducing new perspectives to SIUE.

Chancellor's Medallion

The Chancellor's Chain of Office is a symbol of the guidance and inspiration of current University leadership building on the achievements of the past. It is a reminder of our accomplishments, as well as the challenges and opportunities to come. The medallion of the chain has the mark of the University surrounded in laurels, a time-honored symbol of education. The chain bears Chancellor Pembroke's name and the names of past leaders of SIUE.

Granting of Degrees

Candidates for degrees listed in this commencement program are those who completed degree requirements or who, at the time of publication, were reasonably certain of completing degree requirements. Inclusion in this publication may not be construed as documentation of completion of degree requirements. Certification of the conferral of a degree is by receipt of a diploma or official transcript noting degree completion.

Beautifully situated on 2,660 acres, SIUE offers easy access to professional and cultural opportunities in metropolitan St. Louis, located just 25 miles from campus.

ACADEMIC AND OTHER RECOGNITION

Honors Recognition

Candidates graduating with honors are noted in the program and their accomplishments are characterized by the color of the academic cord worn with their regalia.

DISTINGUISHED SERVICE AWARD: DONNA RICHTER

For more than 40 years, Southern Illinois Builders Association (SIBA) CEO Donna Richter has been dedicated to the betterment of the construction industry in southern Illinois. For this work and her ongoing partnership with SIUE, Richter is the 2021 recipient of the University's Distinguished Service Award.

Over the course of her career, Richter has developed a strong partnership with SIUE and its School of Engineering. She has created numerous opportunities for students in the Department of Construction by funding scholarships, sharing industry connections and supporting advancement initiatives.

Richter began working at SIBA, which serves as a trade association for commercial contractors in the southern 39 counties in Illinois, as an administrative assistant in 1981. She was promoted to director of operations, membership director, IT manager and assistant executive director before being appointed chief executive officer in 2015.

In addition to her partnership with SIUE, Richter is active in numerous other institutions and nonprofit boards, including Leadership Council of Southwestern Illinois Executive Committee and Board of Directors; Cement Masons Local 90 Health, Welfare and Pension Fund trustee; John A. Logan College, Kaskaskia College and Southwestern Illinois College Construction Department Advisory Committees; St. Louis Regional Chamber Leadership Roundtable; and Associated General Contractors of America Executive Leadership Council; among others.

The St. Louis Business Journal recognized Richter for her contributions to the construction industry and the community with its Most Influential Business Women of 2019 distinction. She also received the Construction Forum St. Louis' Building Tomorrow Awards.

PROGRAM RECOGNITION

The SIUE School of Nursing offers dynamic undergraduate programs of study that are both theoretical and practical, designed to meet current and future challenges of nursing and healthcare. The School prepares graduates to work in a wide variety of clinical settings and provide the necessary foundation for a master's and doctoral degree in nursing.

The traditional bachelor of science in nursing (BS) program is intended for students seeking their first degree with no prior college experience. The post-baccalaureate accelerated bachelor of science degree in nursing (ABS) option allows students with a bachelor's degree to attain a BS degree in nursing through three semesters and one summer session. It is an intense, defined curriculum with a combination of classroom instruction and clinical experiences for students seeking a second baccalaureate degree.

Registered nurses (RNs) who hold an associate degree in nursing or a nursing diploma can pursue the RN to BS option. This baccalaureate program is offered in a flexible, entirely online format to accommodate the needs of working RNs. The program format consists of eight-week courses and can be completed in one year if most of the general education requirements are met at the time of admission.

The goal of the SIUE School of Nursing graduate program is to prepare expert nurses for leadership in professional nursing practice and patient-centered healthcare delivery. The School offers two master's (MS) programs, two fully online dual degree programs and a doctor of nursing practice degree (DNP) with three specializations.

The fully online MS in Healthcare and Nursing Administration (HCNA) prepares nurses for entry into management positions in healthcare organizations, and refines the skills of experienced nurse managers to mentor them for executive-level positions. A dual MS in HCNA and Healthcare Informatics provides a unique opportunity. The online program equips healthcare professionals to leverage prior education and experience to provide leadership to teams using technology to improve patient healthcare options. The MS in Nurse Educator program is meeting the ever-increasing need for nursing faculty. SIUE's nurse educator graduates are actively sought throughout the St. Louis metropolitan region, as well as nationally.

The new psychiatric mental health nurse practitioner DNP specialization addresses the mental healthcare crisis by providing students with the clinical competencies and theoretical foundation to deliver quality psychiatric mental healthcare. The nurse anesthesia DNP specialization prepares registered nurses with baccalaureate degrees to provide individualized anesthetic patient care for surgical, diagnostic, therapeutic or pain management procedures. The family nurse practitioner DNP specialization program provides students with the required clinical competencies and theoretical foundation to deliver quality primary care for patients and their families. The post-master's DNP program is designed for nurses holding a master's degree as an advanced practice nurse, or holding a bachelor of science in nursing and a master's degree appropriate to their advanced nursing practice role. The dual Masters of Business Administration (MBA) and DNP is primarily online with two on-campus immersion experiences. The program is designed to develop the professional capabilities of managers working in business, focusing on topics such as quantitative analysis, decision making, negotiation, enhancing quality and innovation and program management.

CONGRATULATIONS SIUE GRADUATES

Congratulations graduates! You have made your mark here at SIUE and now off to other big adventures! You should be extra proud of your grit and resilience at this important moment of your lives.

Be a Proud Cougar: Your hard work has paid off, and now you are one of our more than 117,000 alumni. #SIUEALUMNI is the social networking tag where you can find more information about local events and how to stay involved.

Be Informed: Look for email newsletters from your college or school, as well as our alumni magazine, the eConnection. Our alumni magazine features campus updates, alumni stories and opportunities to stay connected.

Get Involved: Check out siue.edu/alumni for future events as things begin to return to normal. We want to see you at future social, cultural and athletic events!

Your alma mater is always here for you!

Best regards for your ongoing success,

A handwritten signature in cursive script that reads "Rachel Stack".

Rachel C. Stack
Vice Chancellor for University Advancement
CEO, SIUE Foundation

Our Mission: The SIUE Alumni Association will be a valued partner of Southern Illinois University Edwardsville through the advancement and promotion of SIUE alumni, the University and its friends.

For the students, faculty, staff and alumni of
Southern Illinois University Edwardsville
